

Every Kid 2 Camp

We are making a commitment to give each of our young people the chance to go to camp at least once before they turn 18 years old.

Join us! Here's How ...

- Offer prayers for our youth that their hearts will be open to an exciting Christian camp experience.
- Encourage the young people in your life to dive into a Christ-centered experience at camp. It will be the best week of their summer!
- Make a personal donation to our church's Campership Fund, which supports our youth by covering their camp fees.
- Lead, volunteer, or participate in fundraisers throughout the year that support our Campership Fund. Call the church office for more information on how to lead or assist with these efforts.

Why Camp?

- Our youth will make new friends and strengthen existing friendships, with peers who share their Christian morals and beliefs.

- They will be given the chance to dive deeper into what they are learning at church and live it out, 24/7 in a supportive Christian environment.

- They will play, work, live with, and learn from campers and staff from all different ethnicities, ages, races, and life experiences.

- During a week away from the daily routine maturity of character grows. Our youth will find new confidence in taking on personal responsibility and gain a sense of independence and good citizenship.

- When a young person comes home from their adventure in God's Creation, they have a new/renewed inspiration for living as a disciple of Christ. They have grown through interactions with strong Christian mentors, stepping out of their comfort zone, and connecting with nature .
