

**Pathways to WHoly Living**  
**2010 Congregational Health Ministry Recognition Award**  
**Western Pennsylvania United Methodist Conference**

The Health As Wholeness Team of the Western Pennsylvania United Methodist Conference would like to invite all congregations **which presently have** a Health Ministry to participate in our first Pathways to WHoly Living Health Ministry Recognition Award.

The purpose of the award recognition program is twofold:

1. to recognize intentional health ministries that promote the spiritual, physical, emotional, relational, and environmental health of the United Methodist congregations and the communities they serve throughout Western Pennsylvania and
2. to promote and encourage other WPA UM congregations to develop their own health ministries.

**What Is Required For A Congregation To Participate?**

1. Must have an organized, functioning Health Ministry for at least one year. All activities must be based in a wholisitic approach.
2. Send completed Registration Form to [healthteam@wpaumc.org](mailto:healthteam@wpaumc.org) or to Barbara Lewis, WPA Health As Wholeness Coordinator, 509 Rondeau Drive, Erie, PA. 16505, by May 1, 2009. (see attached form).
